**Notes:**

1. The FY 2014 fees were adopted by the Board on May 15, 2013. Subsequent fiscal year fees reflect changes in the Consumer Price Index. There was a 1.70% increase in the Consumer Price Index as used for calculating the Title V emissions fee rate applicable to Fiscal Year 2015.

The FY 2015 fees were calculated as follows:

$$\text{FY 2015 fees} = (\text{FY 2014 fees}) \times (1.0170)$$

2. This document does not contain all of Regulation 2.08. It is intended to provide only the level of fees applicable to Fiscal Year 2015. Consult the full text of Regulation 2.08 for other aspects of the permit programs.
